LIVED QUALITY IN WINE

COMPANY

Kessler Zink is lived wine competence and quality.
For 3 generations we live and work with wine. The most important thing for us is that you deal with persons. We handle about 2 Million litres of wine from different countries every year.
Therefor reliabilty and competence are fundamental.

WINE IS WHAT WE CAN!

PEOPLE

Ingo Stütz is the engine, the face and the decision maker of Kessler Zink. Always hyped up nearly on the road all the time. But every company is only as good as the staff behind the big hitter. Store, filling, sales, accounting or logistics: Heike Stütz, the family and the 12 employees are a fantastic team.

WE MOVE A LOT OF BOTTLES!

RANGE

Winery and Cellar benefit from each other. Besides our regional quality wines we offer german grape variety wines and the whole range of our winery products. Wines from France, Spain and Italy as well as seasonal products round up the wide portfolio we offer. Quality is what we focus on.

WE HAVE WHAT YOU NEED!

SERVICE

... is a huge priority for us. We take care of your interests.
We answer to your wishes and deliver always IN-TIME.
In stock products or special wines - huge or small amounts, we realize it
and find solutions for YOU! Flexibility is our strength.

WE UNDERSTAND WINE!

SUSTAINABILITY

...is more than just a catchword for us. As well as we take care for 100 hectare vineyards we encourage environment protection in our daily work.

Therefore we rely on returnable bottles and renewable energies wherever possible. The energetic balance is a very important factor for us because we are down to earth and in touch with nature.

HISTORY

Founded 1953 as a private wine cellar we acquired the company in 1989 and developed it ever since. Today we are a modern wine cellar with a worldwide network and a vast range of desirable products.

We are a team with only one goal:

KEEP OUR CUSTOMERS SATISFIED!
